

Town of Williamson
Watershed Management Advisory Council

Meeting of May 29th, 2018

Members Present: Rick Vos, Mark Hermenet, Todd Brennessel, Kurt Allman & Gary Orbaker

Public Present: Rod Spafford, Chris & Kristi Steinruck & Robin Fedison

Rick Vos called the meeting to order at 7:30pm.

Council review drainage assessment forms submitted by Rod Spafford & Kristi Steinruck for ditch cleaning behind homes on Mystic Meadows Lane. Kurt Allman stated he and Gary Orbaker had reviewed the standing water issue behind the home on Mystic Meadows.

Kurt has already contacted Wayne County Soil & Water and found that there is a permitted ditch behind the homes and that a snatch and drag cleaning can be done to relieve the standing water.

Town/County will get Temporary Easement forms to Spafford and Steinruck to access properties along ditch to allow work to be performed.

Kurt made a motion second by Mark: To have Wayne County Soil & Water clean the ditch from Salmon Creek to the Steinruck property. Motion carried.

Mike Montesano of Shepherd Road requested time with the council at tonight's meeting but failed to attend.

Kurt made a motion, seconded by Gary: To adjourn the meeting at 8:00pm. Motion carried.
