

Public Meeting **Ontario Midland Strategic Plan**

Wayne County needs your input!

Wayne County along with several local municipalities and agencies are working to create a strategic plan for the Ontario Midland Railroad. With rail freight volumes increasing around the region, and local employers using rail to ship more goods, the Ontario Midland Strategic Plan is focused on determining new rail-oriented economic opportunities for local businesses and residents.

The first public meeting examines the existing railroad infrastructure, properties adjacent to the railroad, local planning & zoning, and environmental resources. A second public meeting is planned for late Winter 2020 and will include a business opportunity analysis and preliminary site selection. All of the public input will be used to develop the Strategic Plan with a final public meeting scheduled in Spring 2020.

Where:

Williamson Town Complex
Town Hall Conference Room
6380 NY-21 (Lake Ave)
Williamson, NY 14589

When:

Tuesday, December 10th
